

Assessment Brief- Assessment 2- Final Presentation

Unit Code/Description	ICT308 – Capstone Project 2
Course/Subject	BIT
Semester	2026- S1
Unit Learning Outcomes Addressed	ULO 5
Assessment Objective	This assessment focuses on technical presentation and prototype demonstration to present project findings comprehensively, encouraging engagement and discussion through Q&A session.
Assessment Title/Type	Final Presentation
Due Date	Report should be submitted online in Moodle by one member of the team ONLY (Group Leader) on Sunday Week 11, before 11:59PM. Present for 15 minutes as a group during the class time in week 11
Weighting	40 Marks
Instructions to Students	Check section Assessment Description
Format/Structure	Must be a PPT/PDF
Word/Page limit	PPT slides
Referencing Style	American Psychological Association (APA) Referencing Style
Submission Guidelines	Your name, student ID and group number must appear at the beginning of your report. This assessment must be submitted to Turnitin. Login to your Turnitin account, locate and click on the assignment submission link, carefully review the instructions, and then submit your assessment.
Plagiarism and Academic Integrity	At CIHE, we take academic integrity seriously and expect all students to maintain the highest standards of honesty and ethical behaviour in their academic work. As a student, it is your responsibility to ensure that all your academic endeavors are conducted with integrity and in accordance with the principles of honesty, fairness, and respect for intellectual property. Please refer to “CIHE Student Academic Integrity and Honesty Policy” in the Moodle for details.
Late Submission Policy	Requests for extensions will be granted only for exceptional circumstances that are supported by credible evidence. Duration of the extension period is only one week. Late submissions are subject to 10% reduction in marks for each day of delay. Submissions after the extended date will not be marked.
Academic Integrity and AI use Requirements	Students may use AI tools for: brainstorming presentation structure and key points preparing explanations of technical concepts (e.g., summarising system features) AI use must be acknowledged. The live product demonstration, evaluation/reflection, ethical analysis, and Q&A responses must be student-generated and delivered by the team.

ASSESSMENT DESCRIPTION:

Students must demonstrate their working project and provide a technical explanation of the entire system. Each group will prepare a PowerPoint presentation (15 mins) covering key aspects of the project, with individual contributions highlighted.

Presentation Requirements:

1. Live Demo

- Run the project and showcase core functionalities.
- Highlight challenges faced and how they were resolved.

2. Technical Explanation (PPT Slides)

- Overview of the project (goals, target users, technologies used).
- System architecture (diagrams, workflows, or algorithms).
- Breakdown of individual contributions (each member speaks for ~3 mins).

3. Q&A Session

- Supervisor will ask technical or design questions.

Cover Sheet Requirement

All groups must **download, complete, and attach the CIHE Assessment Cover Sheet from Moodle** when submitting this assessment.

The cover sheet includes:

- Team member details and contribution percentages
- Responsibilities for the project
- The Academic Integrity Declaration
- The AI/Tool Use Declaration Table

Submissions without the completed cover sheet are not accepted.

Use of AI Tools (GenAI)

Students may use AI tools for:

brainstorming presentation structure and key points

preparing explanations of technical concepts (e.g., summarising system features)

AI use must be acknowledged.

The live product demonstration, evaluation/reflection, ethical analysis, and Q&A responses must be student-generated and delivered by the team.

Marking rubric: 40 Mark:

Criteria	Poor	Fair	Good	Very Good	Excellent
Visual Aids & Presentation Skills (5 Mark)	Visual aids are unorganized, unclear, and not supportive of the presentation. Presentation lacks clarity, engagement, and confidence.	Visual aids are basic and moderately clear. Presentation is somewhat clear but lacks engagement and confidence.	Visual aids are organized and clear. Presentation is clear and moderately engaging with good confidence.	Visual aids are well-designed, clear, and enhance understanding. Presentation is engaging and confident.	Visual aids are professional, highly effective, and greatly enhance understanding. Presentation is highly engaging, confident, and polished.
Content & Problem Understanding (7 Mark)	Content is irrelevant or off-topic, showing poor understanding of the problem.	Content is relevant but shows a basic understanding of the problem. Some key aspects are missing or underdeveloped.	Content is relevant with a good understanding of the problem. Most key aspects are covered adequately.	Content is highly relevant with a thorough understanding of the problem. All key aspects are covered in detail.	Content is comprehensive, highly relevant, and demonstrates an exceptional understanding of the problem. All key aspects are covered with depth.
Technical Information (10 Mark)	Technical information is incorrect or missing. Little to no evidence of research or understanding.	Technical information is basic, with some errors. Limited evidence of research and understanding.	Technical information is mostly accurate with minor errors. Good evidence of research and understanding.	Technical information is accurate and detailed. Strong evidence of research and understanding.	Technical information is highly accurate, detailed, and comprehensive. Exceptional evidence of research and deep understanding.
Analysis and Results (10 Mark)	Analysis is superficial or incorrect, with no clear results.	Analysis is basic with limited results. Some errors or lack of depth.	Analysis is clear with good results. Minor errors or lack of depth in some areas.	Analysis is thorough with strong, clear results. Most aspects are covered in depth.	Analysis is comprehensive, insightful, and highly detailed with clear, significant results.
Q&A Handling (8 Mark)	Struggles to answer questions. Responses are unclear or incorrect, showing poor understanding.	Answers questions with some difficulty. Responses are basic and lack depth.	Answers questions adequately with mostly clear and correct responses.	Answers questions confidently with clear, correct, and well-structured responses.	Answers questions exceptionally well with insightful, clear, and comprehensive responses.
